SE CLOUD 2017 BATCH

Hi Cloud Elective Folks:

Please submit the following artefacts in IVLE Project Group Folders (The same place where you deposited your proposal):-

1. **Codes** created by your team
2. **Configuration** Scripts created by your team
3. **Journal** that captures all the key documentation that explains your project. Also point to us any custom configurations you did on the vendor specific dashboards with a simple summary of what was accomplished.
4. **Presentation** Slides.
5. In case you used open source VM and cloud (Example Open Shift/Eucalyptus etc... please pass a CD with the virtual image)
6. If interested, You may want to upload a video/screenshot of your application demo.

Please upload all necessary artefacts by 3rd July 2017. There wont be any more reminders or follow up for this.

Peer Evaluation: We have by default assumed that the work was done in a shared manner, with each member contributing to thier full strength. In such situations, you dont have to submit peer evaluation. If this is not true for your team, please use the attached peer evaluation form and mark the induvidual team members and mail your peer assessment to Suria by 3rd July 32017. (suria@nus.edu.sg) .

We hope you enjoyed creating those cloud applications as much as we enjoyed teaching/assessing the work.

Cheers
Lecturers
